

10-Hour OSHA Construction Industry Outreach Training Program

The 10-Hour OSHA Construction Industry Outreach Training Program is intended to provide an entry-level construction worker with a general awareness to recognize and prevent hazards on a construction site.

CSTOP® Contractor Safety Training Orientation Program

CSTOP® was designed to provide contractor employees with a better than basic understanding of hazards and safety procedures associated with work in highly hazardous work areas, and to address the need for uniform and consistent safety training.

OSHA 10 & C-Stop 8 combined in a two-day course.

June 4th & 5th, 2013
8:00 am - 1:00 pm
(must attend both sessions)
